8th January 2020

Dear Parents/Carers,

I would like to thank you for the messages of support this week and supporting the zoom sessions which will help us get our virtual sessions up and running next week.

This week all staff have been fully involved in school each day, developing and changing their lessons so that they still fit in with our long term and medium term curriculum plans. They will use videos and some zoom sessions to teach elements of lessons next week to support home learning more. They will be conducting these sessions while in school next week so that they have their teaching resources to hand. Teaching assistants are working with the key worker children in school to ensure children in and out of school are able to access the learning too.

We are constantly reviewing elements to our planned provision, so will keep in touch with you about further developments.

It has been an incredibly stressful week for everyone involved; school and home and we do not underestimate the challenge this week has brought to you all too. We will need to work together to get through this together, which has always been part of our ethos in the federation. I am extremely proud of how the staff have reacted so quickly and positively to the unexpected announcement on Monday and dealt with the amount of work that this has created. As always the children have been at the forefront of our plans and we are looking forward to getting underway with it all next week.

If you need support with anything, please get in touch. Have a restful weekend...perhaps with some snow!

Kind regards,

Ch Barber
