

Hawsker-cum-Stainsacre C of E VC Primary School

Sports and PE Premium Report

The school received £16,397 in Sport Premium Funding between September 2018- July 2019.

At Hawsker-cum-Stainsacre C of E VC Primary School, we hold a firm commitment to ensuring high quality PE and sport for every child. The school receives additional funding to support this and build sustainability for high quality PE and sports.

The Department for Education states that the premium should be used to:

- Develop or add to the PE and sport activities that the school already offers
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years.

The key indicators and improvement areas for the premium spending are:

Key indicator 1: The engagement of all pupils in regular physical activity.

Key indicator 2: The profile of PE and sport being raised across the school as a tool for whole school improvement.

Key indicator 3: Increased confidence, knowledge and skills of all staff in teaching PE and sport.

Key indicator 4: Broader experience of a range of sports and activities offered to all pupils

Key indicator 5: Increased participation in competitive sport

The school receives additional funding for sports and PE. This is used in a range of ways to support and develop whole school provision to meet the key indicators from the DfE.

Sport premium funding for September 2018- July 2019: £16,397

<ul style="list-style-type: none"> Membership to the service level agreement for Whitby Sports Partnership. This allows children to participate in inter school competitions etc. (It also allows for contributions to admin and trophy costs). 	<ul style="list-style-type: none"> Years 1-6 have the opportunity to engage in competitive sport. In addition to PE in school, children have the opportunity to attend these additional sports in school time, thus increasing time at physical activity. A vast range of sports are accessed through the partnership, developing children’s skills e.g. football, rugby, cricket, tennis, hockey, gymnastics, athletics, golf, etc. Staff have CPD opportunities for developing their own knowledge and understanding of teaching sports. We had regular successes in the inter-schools competitions (see newsletters). Staff have support from PE specialists in the delivery of sports lessons. 				<ul style="list-style-type: none"> PE leads from within individual schools could build on the successes and already established tournament schedule. Staff have the knowledge of different sports and can apply this to lessons. 				£1600

Impact on Participation:

- In 2018-19 there was increased participation of children in intersport activity to 100% of all Year 1-6 children having these sporting opportunities. All children had the opportunity to compete at some level with competitive sport.
- In 2018-19, we were able to increase the amount of sports that the children experienced. The aim of this was for children to find a sport they enjoyed and would want to continue further. Sports offered and experienced were: football, rugby, cricket, tennis, gymnastics, hockey, athletics, cross country, dance, golf and orienteering. We plan to carry out a pupil survey of sports participation in and out of school to gage whether more children are now taking part in a variety of sports.
- In competitive sport, we increased our rate of success to get through to semi-finals and finals. Sporting success for our pupils includes:
 - The boys' football team coming 2nd in the medium primary schools tournament, 2nd in the Straws Cup and through to the final of the Barclays Shield to win the shield.
 - The girls' football team winning the medium primary schools football tournament.
 - Success in the Year 5/6 Quad Kids (athletics) competitive event, with 1 boy coming 1st overall of 250 children, and 1 girl coming 4th.
 - Success in the Year 3/4 Quad Kids (athletics) competitive event with 1 girl coming 1st.
 - Success in the Year 1/2 Quad Kids (athletics) competitive event with 1 pupil coming 2nd.
 - Children in the cricket team came 3rd out of the entire district of Whitby and Ryedale primary schools.
 - In the Y5/Y6 tennis tournament, we came 1st in the girls competition and 2nd in the boys competition.
- Subsidised visits in our locality meant that children were having more opportunities to be active on the moorland and beach with planned physical activities. With such opportunity in our immediate area for children to explore and be active, this is a high priority as we move forward into topic planning and linking physical and mental health to our work. 100% of children in school benefited from active activities using the local area.
